EDUCATION

Yonsei University *Mar 2022 - Present*
Major : Economics, Mathematics, Applied Statistics (triple major) GPA: 4.22/4.3
Main Coursework : Advanced Calculus I, Linear Algebra I, Abstract Algebra I,
Mathematical Statistics I, Mathematical Analysis I/II, Differential Geometry, Scientific Computing,
Probability Theory, Stochastics Process, Reinforcement Learning, Information Theory

EXPERIENCE

Undergraduate Research Assistant, DIL lab *Oct 2024- Present*
Advised by : Prof Jongmin Lee
Research Interest : Reinforcement Learning, Numerical Analysis

Mandatory Military Service, ROK Army *Feb 2024- Aug 2025*
Served in a front-line GOP unit, handling imagery and military intelligence tasks.

PROJECTS

Factor Quant Trader using Reinforcement Learning *Aug 2025- Sep 2025*
Implemented a dynamic factor investing strategy using a Soft Actor-Critic (SAC) reinforcement learning model to optimize portfolio weights and maximize risk-adjusted returns.

ACTIVITIES

Peer Tutor, Mathematical Statistics I, Yonsei University *Sep 2025- Dec 2025*
Led small-group tutoring sessions for undergraduate peers, focusing on probability theory, estimation methods, and hypothesis testing.

Head of Academia team, Data Science Lab, Yonsei University *Sep 2025- Present*
Studying advanced topics in data analysis and artificial intelligence through paper discussions and collaborative projects.

Member, Yonsei Computer Club, Yonsei University *Sep 2023- Dec 2023*
Studied and practiced core topics in machine learning and SQL through team-based workshops and coding exercises. Applied fundamental algorithms and database queries to small-scale projects, strengthening data analysis skills.

TALKS, PRESENTATIONS

Math for Machine Learning (Invited Speakers), Data Science Lab Yonsei *Jan 2026*
Presented an in-depth lecture on the integration of Information Theory, General Topology, and Statistical Learning Theory in the context of machine Learning

Reinforcement Learning (Invited Speakers), Data Science Lab Yonsei
Presented a basic concept of reinforcement learning

March 2026

SKILLS

Programming Languages and Frameworks

Python, R, Matlab, SQL, L^AT_EX

Languages

Korean(native), English(fluent), Japanese(elementary)

AWARDS AND SCHOLARSHIPS

Highest Academic Excellence Award , Yonsei University

Awarded for outstanding academic performance

Feb 2023, Aug 2023

Academic Excellence Award, Yonsei University

Awarded for outstanding academic performance

Aug 2022

Guwon Scholarship, Guwon Scholarship Foundation

Awarded for outstanding academic performance and research potential

Aug 2025
